PRIN: RESEARCH PROJECTS OF RELEVANT NATIONAL INTEREST – 2022 Call for proposals

prot.

PART A

1 - Research Project Title

(Max. 500 characters)

2 – Duration (months) 24

3 - Main ERC field

ERC field

4 - Possible other ERC field

ERC field

5 - ERC subfields

(Max. 3, one field is sufficient)

6 - Keywords

(3 to 6: free)

7 - Principal Investigator

(Surname) (Name)

(Qualification)

(Date of Birth) (Personal identification code)

(Organization)

(Phone number) (e-mail address) (certified electronic mail)

Age limits derogation

choose one option

The PI and/or the substitute PI are over 40 and they intend to benefit from derogations to the age limits for the amount allocated to under 40 PIs. Documentary evidence of the conditions set out in Article 4, paragraph 1 for 2022 call for proposals has to be uploaded as a pdf file.

The PI and/or the substitute PI are over 40 and they don't intend to benefit from derogations to the age limits for the amount allocated to under 40 PI;

Both the PI and the substitute PI are under 40;

8 - List of research units

Associated investigator	Qualification	Legal Entity (address, city, province)	Operations office of research units (address, city, province)	E-mail address

9 - Substitute Principal Investigator* (To be identified among one of the associated investigators participating in the project).

(Surname) (Name)

(Qualification) (Date of Birth) (Personal identification code)

(Organization)

(Phone number) (e-mail address) (certified electronic mail)

*N.B. In order to benefit from the amount allocated to under 40 PI, the substitute must be under 40 on the publication date of PRIN 2022 call.

10 - Brief description of the proposal (Max. 3.000 characters)

11 - Total cost of the research project identified by items

Research Unit	Item A.1	Item A.2.1	Item B	Item C	Item D	Item E	TOTAL
Associated investigator 1							
Associated investigator 2							
Associated investigator 3							
Associated investigator 4							
Associated investigator 5							

N.B. The fields indicated in gray will be filled in automatically

Item A.1: enhancement of months/person of permanent employees

Item A.2.1: cost of contracts of non-employees, specifically to recruit

Item B: overhead (flat rate equal to 60% of the total personnel cost, A.1+A.2.1, for each research unit)

Item C: cost of equipment, tools and software products

Item D: cost of consulting and similar services

Item E: other operating costs

PART B

B.1

1. State of the art

(Max. 5.000 characters)

2. Detailed description of the project: methodologies, objectives and results that the project aims to achieve and its interest for the advancement of knowledge, as well as methods of dissemination of the results achieved (Max. 25,000 characters)

3. Project development, with identification of the role of each research unit, with regards to related modalities of integration and collaboration (Max. 10.000 characters)

4. Possible application potentialities and scientific and/or technological and/or economic impact (Max. 10.000 characters)

5. Financial aspects: costs and funding for each research unit

Associated investigator 1			
Associated investigator 2			
Associated investigator 3			
Associated investigator 4			
Associated investigator 5			

N.B. The fields indicated in gray will be filled in automatically

6. – Bibliography (max 5.000 characters)

B.2

1 - Scientific Curriculum of the Principal Investigator (with evidence, for the LS and PE macrosectors, of bibliometric indicators related to publications and citations, and, for the SH macrosector, of the quality and impact of publications; achievement of awards and other recognitions; degree of success in previous Italian or international projects) (Max. 10.000 characters)

2 - Scientific Curriculum of the associated investigators (with evidence, for the LS and PE macrosectors, of bibliometric indicators related to publications and citations, and, for the SH macrosector, of the quality and impact of publications; achievement of awards and other recognitions; degree of success in previous Italian or international projects) (Max. 10.000 characters for each research unit)

3 - Main Principal Investigator's scientific publications

(Max. 20)

4 - Main scientific publications of the associated investigators

(Max. 20, for each associated investigator)

5 – Main staff involved (max 10 professors/researchers for each research unit, in addition to the PI or associated investigator), highlighting the time commitment expected

Research unit 1

	Surname	Name	University/Research Institution	Qualification	Months/person expected
PI					
TOTAL					

N.B.: temporary staff (RTD, research fellows, PhD students) may be added to the table only if already acquired with own funds by the institution of the research unit; temporary staff acquired with funds allocated to finance other projects or allocated from other institutions should not be included in the table. Instead it is possible to include temporary staff acquired with funds allocated to finance other projects, only when an addendum of contract is provided when project starts. Cost of contract will be borne on PRIN funds (Item A.2.1: cost of contracts of non-employees, specifically to recruit).

Possible sub-unit

Surname	Name	Qualification	Months/person expected

Institution name:

N.B.: temporary staff may be added to the table only if already acquired with own funds by the institution of the sub-unit; temporary staff acquired with funds allocated to finance other projects or allocated from other institutions should not be included in the table. Instead it is possible to include temporary staff acquired with funds allocated to finance other projects, only when an addendum of contract is provided when project starts. Cost of contract will be borne on PRIN funds (Item A.2.1: cost of contracts of non-employees, specifically to recruit).

Research unit 2

	Surname	Name	University/Research Institution	Qualification	Months/person expected
Associated Investigator 2					

TOTALE					
---------------	--	--	--	--	--

N.B.: temporary staff (RTD, research fellows, PhD students) may be added to the table only if already acquired with own funds by the institution of the research unit; temporary staff acquired with funds allocated to finance other projects or allocated from other institutions should not be included in the table. Instead it is possible to include temporary staff acquired with funds allocated to finance other projects, only when an addendum of contract is provided when project starts. Cost of contract will be borne on PRIN funds (Item A.2.1: cost of contracts of non-employees, specifically to recruit).

Unit...

6 – Information on the new contracts for personnel to be specifically recruited

Principal and associated investigator	Number of expected RTD contracts	Number of research grants expected	Number of PhD scholarships expected	Overall expected time commitment (months)
